"I am humbled to help further my clients' ability to change lives."

Kerrie J. Tomasiewicz has over 30 years of experience with FHA mortgage insurance programs, and has been involved in approximately 190 FHA-insured loan transactions totaling \$2.04 billion that have been funded with tax-exempt revenue bonds, taxable GNMA Securities, whole loan participations and private placements. She is an approved Underwriter under the Multifamily Accelerated Processing (MAP) and Lean processing programs, and attended Lean training in 2008, 2011, 2013 and 2014. Ms. Tomasiewicz was responsible for establishing the firm's FHA-insured loan servicing department and overseeing its activities until the portfolio was assigned to another lender in 2001. Under her leadership, SMF's loan servicing portfolio had grown to approximately \$250 million and included some of the largest bond issuing authorities and investment funds as clients.

Kerrie's responsibilities include processing and underwriting of FHA-insured loan applications, loan funding and post-closing consulting and advisory services. She also conducts financial analyses and up-front evaluations of prospective transactions.

Kerrie is a graduate of Manhattan College, where she earned a BS degree with concentrations in Finance and Marketing.
